PERSONAL PROFILE

I am a motivated and responsible university student with a strong interest in technology and software development. I am eager to learn new skills, improve my technical knowledge, and gain practical experience. I enjoy working on projects, solving problems, and working both independently and as part of a team. I am looking for opportunities to develop my skills and contribute positively to an organization.

EDUCATION

Bachelor of Computer Sciences
RUPP

- Studying programming, software development, databases, networking, and information systems.
- Developing practical skills through academic projects and hands-on programming practice.

Bachelor of Front-End Development
E-Tect Center

- Studying front-end web development with a focus on creating responsive and user-friendly websites.
- Developing practical skills in HTML, CSS, JavaScript, and modern web design.
- Building projects to improve problem-solving, coding, and UI/UX development skills.
